INTRODUCTION

The purpose of this book is to assist people in locating marriage records that are found in the Clay County Clerks office. Only part of the Index Book I was used. No attempt was made to verify any dates entered. We did the best we could with reading some of the names. We did not change the spelling of any names. Hopefully we did not make any errors in copying the information. Our 1st. book covers 1807-1859, our 2nd. book covers 1869-1889, our third marriage book 1890-1909

The first date listed is date of license and second date listed is date of marriage. Some do not have marriage date filled in, this is because they were not returned by ministers, lost or not written in by clerk. There is a possibility that there are marriage records in file boxes that are not in the index book. The file box number was included so if you want a copy of it, this will help to locate it. Some file boxes contain permission notes from the brides parents permitting her to marry. If you are a member of our Clay County Historical Society we would be glad to check File Box for you. The fee for copies at the clerks office is .50¢ per copy, be sure to include a SASE.

We could not check the file but errors are possible. For example Hardin Durham in index married Martha Durham. In my search I heard a Martha Eversole married a Durham. I checked the record and could not find a Martha Eversole. So I looked at file and behold the license has the brides name as Martha Eversole. The clerk by mistake wrote in index Martha Durham.

The Kentucky legislature created Clay CO. on 12-01-1806, but effective date was 4-01-1807. It did not start doing business until that date. Clay CO. was formed from Madison, Knox, and Floyd. In 1815 part of Clay was given to Estill Co. In 1821 Perry County was formed from Clay and Floyd counties. In 1826 Laurel was formed from Clay, Knox, Rockcastle and Whitley. Breathitt CO. was formed in 1839 from Clay, Estill and Perry. Owsley became a county in 1845 from Breathitt, Clay and Estill. Part of Clay was given to Perry in 1843. Jackson became a county in 1858, it was formed from Clay, Estill, Rockcastle, Laurel, Madison and Owsley. Leslie CO. was formed in 1878 from Clay, Perry and Harlan Counties.

A bride index is found in back of each book.

Due to late entries, some names may be out of alphabetical order.

Our 1st. Marriage Book covers 1807-1859. Cost is \$10.00 for members (Plus .50¢ sales tax for Ky residents). \$12.00 for non-members (Plus .60¢ sales for Ky residents). Please add \$1.00 postage on all mail orders.

Our 2nd. Marriage Book covers 1860-1889, Cost is \$13.00 for members plus .65¢ sales tax to Ky residents. \$15.00 for non-members plus .75¢ sales tax for Ky residents. Plus \$1.00 postage for all mail orders. Book is also available at our office in the Old Clay County Jail.

Our 3rd. Marriage Book covers 1890-1909, is \$14.00 for members plus 70¢ sales tax to KY residents. \$16.00 for non-members plus 90¢ sales tax for KY residents. All mail orders include \$1.00 for postage and handling.

The * sign by the file number represents names and dates that were written in the Marriage Index book by someone other than the County Clerk.

The * sign by the grooms name represents names that are out of Alphabetical order.
